

- 916 EDWIDGE 916  
When pixies make wishes, those wishes come true - but how sad that it only works when you make wishes for others! You can't wish me to be destroyed - even though that may be all that you want. No, you have to wish for what I want!  
(moving in threateningly)  
Young and beautiful Santina... You can give me the last thing I desire.
- 917 SANTINA 917  
All you'll get from me is your last *gasp*, Edwidge.
- 918 EDWIDGE 918  
Ha! We'll see about that!
- The spider witch lashes out with a terrifyingly long leg and knocks Santina to the forest floor.
- 919 ALANZA 919  
Noooooooo!!!!
- 920 SANTINA 920  
<LONG FALL, IMPACT GRUNT>
- Edwidge descends with lightning speed on a filament streaming out behind her. She stops just above Santina - hanging menacingly above her. Santina is on her back.
- 921 EDWIDGE 921  
Ready to grant me my final wish?
- 922 SANTINA 922  
(winded)  
Your final wish? As in... your "last request"? Ohhh, yes. I'll happily grant you that!
- 923 EDWIDGE 923  
Don't play games with me, girl! I'm all powerful now thanks to your mother and your friends. They wished me to greatness.
- 924 SANTINA 924  
Only because you forced them to. There's no greatness in making people do anything against their will.

925 EDWIDGE 925  
 WISH FOR ME!!! The forest bows to  
 me in fear - but this is not to my  
 liking. So you'll use your wish  
 powers to make me be... adored!  
 Make me beautiful. Desirable!

SANTINA'S POV: in the sky high above Edwidge's repulsive  
 face, Santina catches sight of a circling SPARROW. We know  
 from earlier that sparrows eat spiders.

926 SANTINA 926  
 You want to be desirable? Oh, I can  
 grant you *that*. Are you ready?

927 EDWIDGE 927  
 Speak the wish!!!

928 SANTINA 928  
 I wish you were the most desirable  
 spider in the forest... I wish you  
 were eye-catching...

Santina's wish power makes the Sparrow see Edwidge.

929 EDWIDGE 929  
 Yes!

930 SANTINA 930  
 Beautiful... Delectable!

931 EDWIDGE 931  
 Yes! Yes!

The sparrow is now in a dive heading straight for Edwidge.

932 SANTINA 932  
 Tempting!... Scrumptious!...  
 Irresistibly... DELICIOUS!

The sparrow plucks Edwidge from the air, swallowing her  
 whole, leaving only the filament from which she was hanging.

Alanza flies down and cradles her daughter in her arms.

933 ALANZA 933  
 Santi, you did it! You saved the  
 forest!

934 SANTINA 934  
 I guess the Forest Chronicles are  
 wrong then, Mother... A Pixie can  
 get what she wishes for!
